

## REP. GRAHAM NOT TO CONTEST FOR LEADERSHIP JOB

### Longworth of Ohio is Only Avowed Candidate for Place

WASHINGTON, Nov. 28.—Representative Graham of Illinois withdrew today from the race for the Republican leadership of the house, leaving Representative Longworth of Ohio as the only avowed candidate.

Despite this action, Republican leaders still faced the possibility that the Progressive bloc headed by Representative Nelson of Minnesota, might seek to prevent organization of the house in an effort to force their demands for modification of the rules and changes in committee assignments.

As the situation developed today at the other end of the capitol it appeared that the Progressive bloc in the senate had the power to hold up organization of that body if they desired. So far as has been made known, however, their course of action has not yet been determined upon.

#### Announces Retirement

Representative Graham in announcing his retirement from the leadership contest said he did so under an expressed understanding that the majority of the Republican steering committee during the sixty-eighth congress will be composed of agricultural constituencies and men who have at heart the interest of agriculture generally as well as all other interests of the country.

"The legislative program of the house," he added, "is determined by the steering committee of the majority composed of seven members. If a majority of this committee are members who have at heart the welfare of the agricultural interests of the country and is fairly representative of middle-west and western portions of the country then I believe an organization of the house with Mr. Gillett as speaker and Mr. Longworth as leader will be representative of the varied interests of the whole country."

**Withdraws For Party**  
Mr. Graham also asserted that it had been evident to him that he would not have enough votes to be elected leader in the party conference Saturday and that he had decided "in the interest of party unity and good feeling to withdraw from the contest."

Decision of Mr. Graham to withdraw came after a series of conferences between party leaders in which Speaker Gillett participated. It was stated that there was no discussion of the legislative program, the conferences dealing solely with the question of representation of the farm bloc on the steering committee.

Representative Longworth said the re-arrangement of steering committee membership would give full recognition to all geographical regions and agriculture as well as other interests of the country.

## KLAN SYMPATHIZERS ARE VICTORIOUS IN UPPER HOUSE FIGHT

### Defeat Clause Forcing Secret Societies to Show Lists

OKLAHOMA CITY, Okla., Nov. 28.—(AP)—Ku Klux Klan sympathizers emerged finally victorious today when the upper house of the state legislature passed its committee anti-klan bill after defeating the last of the proposals by which its sponsors hoped to invest the act with stringent regulatory powers by clauses compelling secret organizations in Oklahoma to make their membership lists available for public inspection.

As the measure now stands, it would prohibit the wearing of masks, minor offenses while disguised and the writing of anonymous communications.

Supporters of the original bill declared that while it represents some progress in the attempt to meet the present "emergency" in the state, any statute without power to reveal the membership of secret organizations will be wholly inadequate.

In its present form, the bill is expected to meet with concerted opposition in the lower house but since the senate must pass upon any change the house might make before the measure is transmitted for executive action, proponents of more vigorous legislation saw slight hope for their cause in this quarter.

#### TELEPHONE COMPANY PLANS NEW BUILDINGS

Chicago, Nov. 28.—Directors of the Illinois Bell Telephone company today approved new plant expenditures of \$284,795 in Chicago, and \$142,588 for Illinois outside of Chicago. The total approved this year is \$19,097,809.

## IMPROVEMENT SHOWN IN ENFORCEMENT OF PROHIBITION LAWS

### Tariff Act Controls Smugglers Along Canadian Border

WASHINGTON, Nov. 28.—(AP)—Enforcement of the prohibition laws so far as the department of justice has jurisdiction is steadily advancing, Attorney General Daugherty declared in a statement today reviewing present enforcement conditions in a number of states.

"There is becoming more and more respect for these laws," the attorney said, "because of the concerted forces we have been enabled to enlist and apply against those who would attempt to defy them."

Mr. Daugherty emphasized particularly the effect of the recent invoking of the tariff act against border smugglers especially in the vicinity of Detroit and also the more intensive application of the "padlock" provisions of the enforcement act. Referring to procedure under the tariff act, he said:

"County and state officials of Michigan have been cooperating very intelligently with the federal agencies under the department of justice and the result has been that if we could not get these border bootleggers under one charge we got them on another. The results in this way have been particularly marked since the recent conference of governors called by President Coolidge."

In the Northern district of Illinois alone, Mr. Daugherty said, 179 decrees for permanent injunctions closing properties for one year were granted during the first week of November which was set aside for the trial of such suits. Criminal prosecutions and convictions were had in connection with 39 or the injunction suits.

## ITALY'S CONSCIENCE CLEAR IF DEBTS ARE NEVER PAID TO U. S.

### Claims Contribution in Blood Offsets the Money Loaned

ROME, Nov. 28.—"There is nothing on Italy's conscience should we not pay America our debts," said Signor Schanzer, former foreign minister and minister of finance to The Associated Press correspondent, in discussing an article which he wrote for Echi E. Commenti advocating cancellation of the debts.

"We contributed in blood, America, in money. Ours was a contribution which could not be counted in money."

"If America should make us a present of our debts and withdraw her accounts against us, she would leave nothing for which we would have regret, and we would not lose our self respect for our contribution has been dearly paid for in human sacrifice not to be calculated in dollars."

Signor Schanzer cited Major General Tasker N. Bliss, Professor Zeligman and William G. McAdoo in support of his contentions. He referred to Mr. McAdoo's report in 1918, in which the latter said the war would be propounded if America did not make a money loan.

## MEXICAN SUSPECTS IN TESMER MURDER HELD

CHICAGO, Nov. 28.—(AP)—Police are searching for two young Mexicans, who, according to the stories told them by two other Mexicans, arrested Monday sometimes masqueraded as women in the belief that they may have been implicated in the death by a woman bandit several months ago.

The two Mexicans held gave their names as Gregorio Rizzo and Roberto Torres. According to the police they have confessed to the killing of Charles H. Johnson, an elevated Railroad employee who was shot to death in his ticket cage on November 3.

#### CABINET WILL EAT GOLDEN RULE DINNER

Washington, Nov. 28.—President Coolidge and members of the cabinet, former President Wilson and others prominent in the national life, the Near East relief announced today will on Sunday partake of a "Golden Rule Dinner" which consists of beans, grits, stew or other plain foods, that the difference in price of a regular Sunday meal may be given to relief work of orphans in the Near East.

Golden Rule dinner Sunday, it was stated will be observed generally in the country and in fourteen other nations.

## DISMISS SUITS AGAINST ALL IN FLOGGING CASE

### Excitement in Court When Defendants Are Released

MARIETTA, Ga., Nov. 27.—All indictments against Keller Hasty, pitcher for the Philadelphia Americans and five others in connection with the alleged flogging of Mrs. Bertha Holcombe a widow and S. H. Morton, the night of November 16, were dismissed here today by Judge Blair on motion of Solicitor General John S. Wood following the acquittal of Parks G. Cook, one of those under charges.

Immediately after the Cook acquittal the jury on instructions from Judge Blair, returned a motion from the solicitor general returned verdicts of not guilty against Keller Hasty his brothers, Arthur and Frank Hasty, Tom Black and Joe Bramlett, jointly indicted with Cook but who were not on trial at this time.

This action covered all four indictments in which the six men were named.

The court house rang with applause as the verdicts were announced and Judge Blair ordered the sheriff to bring those participating in the demonstration before him. The officers, however, were unable to locate anyone because at that moment a general exit from the room began.

Mrs. Holcombe, a young widow, testified yesterday that she recognized Cook as being a member of the whipping squad. The defendant today testified that he is a father of seven children, and that he said his prayers at 8:30 o'clock and retired on the night the whippings were said to have taken place.

Repeated but fruitless efforts of Solicitor General John S. Wood to establish membership in the Knights of the Ku Klux Klan of the defendant and several character witnesses featured the closing session. All denied membership in the organization.

## GERMANY CONFRONTED WITH BANKRUPTCY

BERLIN, Nov. 28.—Germany is immediately confronted with a plain case of bankruptcy and will no longer be able to meet her public payrolls, in the opinion of Dr. Gothein, Reichstag Democratic leader, who today vigorously upbraided the Socialists and German Nationalists for having needlessly precipitated a parliamentary crisis.

Dr. Gothein declared Germany's only salvation would be in the form of a foreign allied loan under allied supervision, similar to that applied in the case of Austria.

Sixteen and one half million trillions of marks in new paper currency were floated today by the reichsbank on the first of November, period its holdings of disunion treasury bills, private checks and drafts increased by twenty-six and one half million trillions. The current return was the first reported this month, a circumstance which was the subject of comment on today's dull and listless bourse.

## GOLD STAR MOTHERS MAY VISIT FRANCE

NEW YORK, Nov. 28.—All gold star mothers, whose sons are buried in French cemeteries, will be given an opportunity to visit their graves, if the United States government approves resolutions adopted today by directors and officers of the Gold Star association of America.

The resolutions suggest that the government offer free transportation to France to either the mother, father or wife of each American soldier buried in that country and say "this would be received universally as a fitting recognition of the sacrifice made by them for their country's cause and also as a token of the nation's gratitude."

## GENERAL MANAGER OF L. & N. DIES SUDDENLY

LOUISVILLE, Ky., Nov. 27.—B. M. Starks, general manager of the Louisville & Nashville railroad died suddenly at his home here tonight. Death was said to have resulted from a heart attack.

Mr. Starks who was 60 years old had been ill three days from an attack of grippe. He was widely known in railroad circles and was pointed to by his associates as an example of a successful executive who had won his way up from the ranks.

#### HELD MARKET

The ladies of Westminster Presbyterian church, with Mrs. C. B. Massey, Mrs. Scott Russell and Miss Jessie Holmes as the committee in charge, held a very successful market yesterday at Furry's store on West State street.

## Both Couples Confess To Murder of Lehman

CHICAGO, Nov. 28.—State's Attorney Robert E. Crowe decided today to let the grand jury decide whether Otto Malm and his wife or Walter Bockelman and his sweetheart, Ethel Beck, shot and killed Edward Lehman, a watchman, a month ago during an attempted factory robbery.

The police have two sets of confessions and various repudiations, fresh admissions, alibis and avowals which they admitted tonight it would take a good grand jury to disentangle. Bockelman was arrested shortly after the slaying and then the Beck girl admitted that Bockelman and she were attempting the robbery and that her companion shot Lehman and Albert Stenwedel, his companion, when they tried to interfere.

The police declared they had a clear case against Bockelman and his girl companion. Then Malm was arrested on another charge and inadvertently mentioned the Lehman slaying. After long questioning he finally admitted that he and his wife were the perpetrators of the robbery but declared that his wife did the shooting.

Mrs. Malm surrendered last night in order, she told the police, to be able to see her two year old baby. She today admitted that she had been with her husband during the robbery and slaying but declared that Malm did the shooting. Stenwedel, the watchman who was wounded when Lehman was slain, denied the stories of both Malm and his wife, and asserted that Bockelman was the actual slayer.

## LINE ESTABLISHMENT IS SMALL MATTER TO VESSELS IN RUM ROW

### As Smugglers Have Fast Boats Distance No Consequence

HIGHLANDS, N. J., Nov. 28.—Seizure by coast guards more than six miles off shore of the British rum schooner Tomoka whose case now is being adjudged in London and Washington, apparently has caused consternation along Rum Row which today was badly shattered.

The largest steamer has moved to a point seven miles southeast of Ambrose Lightship while another steamer and schooner have taken a stand 14 miles east of Seabright.

Two vessels still remain in the old place, six miles off the lightship.

Local smugglers nowadays are following closely newspaper accounts of the progress of a treaty between the United States and Great Britain, whereby the three mile limit may be extended to 12 in the case of suspected rum boats. Runners are reported to be professing little concern regarding extension of the limit.

"What is a mile or two extra?" they were reported as saying, "it is only within the last few months that rum row has been within ten miles of the Jersey shore. Before that we went 12 to 15 miles out, now we have better and faster boats, so why should we worry if we have to go 20 miles out?"

## INVITES HEARERS TO SEE HE HAS NO HORNS

WASHINGTON, Nov. 28.—Facing an audience of business men, members of congress and advertising Representative Magnus Johnson, Farmer-Laborer, invited his hearers to take a close look at him to make sure he "had no horns."

The address was delivered before the Washington Ad Club and was the first he had made since coming to Washington. He said he was not going to turn things topsy turvy but that he was going to "use every influence to bring to the table with his business the classes it is feeding crumbs in the chimney corner."

Shaking a finger in the face of a prominent manufacturer, the senator said: "Mr. Business Man, the farmers are coming up to the table and sit beside you. We, the farmers, the workers, are going to stand for things that will be best for all, but we are going to sit at the same table with you."

## WHITE HOUSE DOG LIST NOW CLOSED

WASHINGTON, Nov. 28.—President Coolidge has decided the white house has enough dogs. Marshall Sheppey, of Toledo O., called at the white house today to discuss Ohio politics and the conversation turned to dogs when Mr. Sheppey recalled that he had presented Laddie, to President Harding. Mr. Sheppey said he had planned to give Mr. Coolidge a dog but that recent newspaper dispatches indicated that the white house "now was long on dogs," three of them having been sent in. This caused the president to say, according to Mr. Sheppey:

"Well, I guess we can consider the lists closed so far as white house dogs are concerned."

#### AUTOIST ACQUITTED ON MANSLAUGHTER CHARGE

Springfield, Ill. Nov. 28.—Robert Reilly, an autoist was acquitted in the circuit court this evening on a charge of manslaughter. Reilly's automobile struck and killed Wenzel Pomeroy, on the Beardstown road last night. Reilly was indicted on a charge of manslaughter following Pomeroy's death. The jury was out five minutes and took one ballot.

#### THANKSGIVING GUESTS

Lyle O. Hart of Pontiac, Ill., will spend Thanksgiving at the home of his parents, Mr. and Mrs. E. E. Hart, at Sinclair.

## COOLIDGES TAKE PIE BUT REFUSE TURKEY OFFERS

### President and Family Will Attend Church Services

WASHINGTON, Nov. 28.—(AP)—President Coolidge will observe Thanksgiving Day in strict accord with his Thanksgiving proclamation in which he called upon the American people to gather "in their homes and their usual places of worship" to give expression to their Thanksgivingfulness.

The chief executive and Mrs. Coolidge will attend Thanksgiving services at the First Congregational church of which they are members and then will have dinner with a few personal friends as guests. As in the early days when Mr. Coolidge's Puritan ancestors founded the Thanksgiving Day custom, turkey will be the chief item on the Thanksgiving dinner menu.

The turkey to be served will be one purchased by the President and Mrs. Coolidge, who decided not to accept any turkeys from friends who usual almost flood the white house with turkeys at this time of year. The bar however was not put up against pies doubtless because of the president's characteristic New England liking for pie, and an admiring Washington chef tonight sent to the white house a pumpkin pie two and one half feet in diameter. The chef notified the president he would have sent a large pie had he been able to find a larger over in which to bake one.

## REVOKES LICENSES OF EIGHTEEN PHYSICIANS

HARTFORD, Conn., Nov. 28.—The state of Connecticut took its first official action today toward striking from the list of its licensed physicians the names of those who are charged with having obtained their authority to practice in this state thru irregular or fraudulent credentials which have been the subject of inquiry by the grand jury investigating alleged "diploma mills."

After an all day session here the state eclectic examining board late this afternoon, acting on written request of State's Attorney Hugh M. Alcorn, formally requested the state commissioner of health to revoke the licenses of eighteen practicing physicians whose records have been investigated by the special grand jury.

Governor Templeton today was closeted with the investigating body for an hour and a half. It was made known from an authoritative source that he had been asked to give the grand jury all the information in his possession regarding attempts to make use of an alleged "diploma mill" and reported to have been used in behalf of medical examination which was presented at the last session of the state assembly.

## MESSENGER'S MURDER PLOT IS UNTANGLED

NEW YORK, Nov. 28.—The police tonight triumphantly announced they had untangled the plot which led to the slaying of the two West End bank messengers and the theft of \$43,697 in a Brooklyn elevated station on November 14, and three leads developed in their investigation of this crime had uncovered clues pointing to a cable of crime responsible for many other murders, hold-ups and automobile thefts within the last few months.

Anthony Pantano, a Brooklyn salesman who confessed having under pressure informed the plotters of the bank messengers' movements, was arrested, and then six more suspects were rounded up in a raid on a Bronx apartment.

Pantano along with Barlow Morris Diamond and his brother Joseph, arrested several days ago, were thoroughly questioned, and Pantano was held as a material witness while charges of murder and robbery remained against the Diamond brothers.

## MADDOO'S SON ENGAGED TO MARRY

Los Angeles, Calif. Nov. 28.—Announcement was made today of the engagement of Lorraine Arnold Rowan, of Pasadena, to Robert H. Maddoo son of William Gibbs Maddoo, former secretary of the treasury. The announcement was made by Mrs. Robert A. Rowan, mother of the bride-to-be. The wedding according to the announcement will take place on Christmas Day.

#### DIES FROM INJURY CAUSED BY PENCIL

Springfield, Ill. Nov. 28.—Helena Sachs, 11 years old, while running with a lead pencil in her hand five weeks ago fell, and the pencil was forced up one nostril. Today she died at a local hospital from blood poisoning caused from an infection from the wound.

## RHINELAND REPUBLIC STILL STANDING BUT GOVERNMENT FALLEN

### Joseph Matthes, Separatist Leader, Makes Announcement

DUESSELDORF, Nov. 28.—"The Rhineland Republic stands, but the government has fallen," thus Joseph Matthes, one of the chiefs in the separatist movement announced today his dissolution of provisional government which followed quickly upon an internal military coup at Coblenz. Matthes fled when the military dictatorship was set up. The other members of his cabinet were placed under arrest but later some of them were released and the others joined the new dictatorship.

Regarding his future plans, Herr Matthes was non-committal. Herr Matthes showed to the correspondents a letter he had addressed to Paul Tirard, president of the Rhineland Republic, announcing the dissolution of the provisional government and informing him that the main organizer of the military coup was a man named Rosenbaum, who until a few days ago was Matthes private secretary. It is further stated in the letter that Rosenbaum is a native of Cologne, speaking French fluently and was a Prussian spy. Rosenbaum had worked with French firms of high standing, and was under no suspicion.

The so-called high army command which was dissolved a fortnight ago by Dr. Dorten and his faction as well as by "myself," continues the letter, "has attempted a military dictatorship in which the principal part was played by my already dismissed Secretary Rosenbaum, who proved to have been a Prussian spy working under orders from the Frankfurt, after being in the French service for the same object. This military dictatorship which used funds liberally, has attempted to seize the power from the de facto cabinet."

Matthes said he was working under orders from the Frankfurt, after being in the French service for the same object. This military dictatorship which used funds liberally, has attempted to seize the power from the de facto cabinet.

## ASKS FOR CHANGE IN FORM OF COMMITTEES ON APPROPRIATIONS

### Dempsey Also Suggests Inauguration of Budget System

WASHINGTON, Nov. 28.—Two movements got under way today to change the makeup of house committees: one to abolish the appropriations committee as it is now constituted; the other to enlarge the immigration committee from 15 to 21 members.

Chairman Dempsey of the rivers and harbor committee is sponsor of the move to change the system of making appropriations. He placed petitions in circulation in an effort to have the appropriating power taken away from the one large committee now charged with that function, and restore to a large degree to the various committees that formerly were in charge of the annual supply bills.

Under the system proposed by Mr. Dempsey, the chairman and ranking Democrats and Republicans on eleven committees would be members of a budget committee, which would fix the total each committee would have at its disposal in making detailed allotments. The committees which would be represented in this group would be the ways and means, rivers and harbors, agriculture, foreign affairs, military, naval, post office, public buildings and grounds, Indian affairs, District of Columbia and a general appropriations committee which would be reduced in size and power.

The movement to enlarge the immigration committee was initiated by some of its Republican and Democratic members and was regarded by some leaders as an effort to obtain greater representation for cities and thickly populated districts.

#### GANNA WALSKA M'CORMICK NOT SO "HARD BOILED"

New York, Nov. 28.—Ganna Walska McCormick's heralded appearance in musical comedy in which she recently announced she hoped to become "hard boiled" enough not to mind what the public or critics had to say about her voice, has been indefinitely delayed.

She has informed the management of "The Minstrel Boy" in which she was to make her bow as a musical comedy star, that she is unable to accept the role, it was announced today. She probably will have a part in the play when it is filmed next summer it was said.

#### LARGEST REALTY DEAL IN CHICAGO COMPLETED

Chicago, Nov. 28.—What was said to be the largest cash realty deal ever consummated in Chicago was announced today when the Charles A. Stevens & Brother corporation, a clothing concern, announced the outright purchase for slightly over \$4,500,000 of two office buildings at the corner of State and Washington streets. The buildings are included in an expansion project.

## SAYS FRAUD IS PRACTICED HERE ON IMMIGRANTS

### Member of Italian Society Explains Various Swindles

NEW YORK, Nov. 28.—Revelations that fraudulent American birth certificates were being peddled to immigrants at European ports with the same freedom that million-mark notes were sold on New York streets were made by August V. Tozzi, former president of the Italian Immigrant society at the legislative investigation of immigrant exploitation today. Aliens bound for the United States were being charged from \$100 to \$500 by unscrupulous vendors of the forged documents he said.

In addition to the birth record scheme Mr. Tozzi asserted, passports, never issued from a United States port, were made out wholesale and mailed to Europe to help in evading immigration laws. These passports, he explained were the usual permits issued to foreigners in the United States to visit their European homes for six months. By assuming the name of the resident to whom the passport was made out, the immigrant could enter without difficulty.

Thousands of cases of fraud of every description had been uncovered by the immigration society in the last sixteen years Mr. Tozzi testified.

#### Commonest Swindle

"The boarding house swindle was perhaps the commonest," he said. "Immigrants arriving here would be rushed to these places by runners meeting the ships and would be asked to give up their baggage checks so their belongings could be brought to the house. Then they would have to pay from \$5 to \$15 a piece before their baggage checks or their trunks would be returned to them."

"We have had disappearances pointing to murder. We have had immigrants killed by gas under equally suspicious circumstances and when the bodies were found, merely a nominal sum—say the amount necessary to secure admittance to the United States—would be found on them."

"We have had railroad agents selling tickets to immigrants at the piers, charging the alleged equivalent for the American fare, changing the rest of the immigrant's money into American currency and collecting a tidy premium of 20 to 40 percent. The railroads, probably do not know this, but it goes on just the same."

## ENGINEER IS KILLED AND NUMBER INJURED WHEN TRAINS COLLIDE

### Southland Standing Still When Special Hits Rear End

JACKSONVILLE, Fla., Nov. 28.—The Southern Railway Kansas City Special collided with the rear end of the Louisville & Nashville Southland at Nathunna, Ga., about 10:30 o'clock tonight, the Atlantic Coast Line dispatchers' office at Waycross, Ga., said over long distance telephone. Engineer John H. Evans of the Kansas City Special was killed and a number of passengers on both trains were shaken up, it was stated. Information at Waycross was that none of the passengers were injured seriously.

However, a special train carrying doctors was sent to the scene of the wreck, which is about 25 miles from Waycross, it was stated at the dispatchers' office and if any of the passengers are found to be injured seriously they will be taken to Waycross hospital.

It was stated at the dispatchers' office that the Southland was stopped at the time of the accident, at the cause of which has not been learned at Waycross. Three cars of the Southland were damaged slightly, the dispatchers' office reported.

## A THOUGHT

Let that be faithful in that which  
is least is faithful also in much;  
and he that is unjust in the least  
is unjust also in much. — Luke  
16:10.

I have seldom known anyone  
who sinned truth in trifles that  
could be trusted in matters of im-  
portance. — Paley.

BUSINESS IS  
GOOD WILL.

The phrase "business is busi-  
ness," with its disagreeable sug-  
gestion that no considerations of  
honor or service or friendship or  
humanity and any place in busi-  
ness affairs, is said to have passed  
on.

"It was a short, hard sentence,  
with nothing said for good be-  
havior," said a business man the  
other day, speaking to other busi-  
ness men. Business, it appears, is  
bound up with a number of other  
qualities and responsibilities, and  
cut-throats cannot escape the new  
conditions.

A new phrasing of the facts  
might read: "Business is service  
and courtesy to the public, busi-  
ness is fairness to employees, busi-  
ness is good will between  
business men and those with whom  
they deal."

THE AGE OF  
ORATORY.

Lloyd George learned many  
things in this country, among  
them the value of amplifiers for  
oratorical purposes. The other  
day he addressed an audience of  
10,000 persons. It was the first  
time that any of the long line of  
British orators, of whom Lloyd

Your dinner will not be  
complete without flowers.

JOS. HEINL & SONS

George is far from being the  
last, ever spoke to anywhere  
near so many people at once. He  
is using amplifiers regularly on a  
stumping tour, in the present na-  
tional campaign, and other speak-  
ers are following his example.  
Besides speaking into the won-  
derful little microphones which,  
connecting with megaphones,  
tremendously magnify an orator's  
voice and send it in all directions  
at the place of delivery, Lloyd  
George is also having his speeches  
broadcast from radio stations.  
Thus he may address hundreds of  
thousands at once.

The radiophone in America has  
not been used much, as yet, for  
political campaigning, but it surely  
will be next year. The wide  
scope and the degree of perfec-  
tion now attained by radio in this  
country make it inevitable that  
candidates will make use of so  
powerful a device. It multiplies  
the efficiency of every good speak-  
er a hundred fold.

Those who have feared for the  
decay of oratory, in an age given  
to the printed word and the pic-  
turescreen, need fear no longer.  
The spoken word evidently is des-  
tined to become a power beyond  
the imagination of any former  
age.

## THANKSGIVING DAY.

"Somewhere among the activi-  
ties of Thanksgiving Day—which  
have come to be rather different  
from those of the forefathers who  
observed the first holiday of this  
name—there should be at last a  
few moments of thought about  
thankfulness and reasons for it.  
In President Coolidge's Thanks-  
giving Proclamation occurred these  
sentences:

"We have been blessed with  
much material prosperity. We  
shall be better able to appreciate  
it if we remember the privations  
others have suffered and we shall  
be the more worthy of it if we  
use it for their relief. We will  
do well, then, to render thanks  
for the good that has come to us  
and show by our actions that we  
have become stronger, wiser and  
truer by the chastenings which  
have been imposed upon us."

"We will thus prepare our-  
selves for the new part we must  
have in a world which forever needs  
the full measure of service. We  
have been a most favored people. We  
ought to be a most generous peo-  
ple. We have been a most blessed  
people. We ought to be a most  
thankful people."

The terrible Japanese disaster  
found us thankful that it had not  
happened to our land, and instant-  
ly ready with sympathy and relief  
activities. The "European mess" as  
it has come to be termed on  
this side of the water, should find  
us again thankful that we have

been spared so far in as great a  
degree as we have, and also ready  
with relief.

In the case of Japan it was easy  
to give relief, because it was easy  
to see what was needed—food,  
supplies and money. In the case  
of Europe it is harder to see what  
we can or should do, but we know,  
at least, that Europe needs our  
good will.

WHY HAVE THE  
EXPERT.

When the trustees of the sani-  
tary district found that they had  
the completed disposal plant on  
their hands they realized that this  
big chemical laboratory, for the  
disintegrating of sewage is sim-  
ply a chemical process aided and  
hastened by man, should be in the  
hands of one who understood it.  
They did not allow the old way  
out theory of home politics that  
someone must be employed who  
lived in Decatur to influence them.

The trustees looked about for  
a trained man to run that plant.  
They consulted those who would  
know where such an expert could  
be found.

They knew that they wanted  
some one who could help Decatur  
solve one of its biggest problems  
in modern life, that of  
disposing of the sewage without  
harm to itself or to its neighbors.

They did not take some one  
whose father or uncle was a power  
in politics.

They knew that after spending  
a million dollars of the tax payers  
money for the intercepting sewer  
and the treatment plant that  
what the taxpayers want is not  
political action, but chemical ac-  
tion, effective sewage treatment.  
For that reason they picked W.  
D. Hatfield, a graduate chemist,  
a specialist in sewage treatment,  
an experienced although compara-  
tively young man, to run Decatur's  
million dollar chemical labora-  
tory.

Exactly the same line of reason-  
ing leads those best acquainted  
with the next big problem which  
faces Decatur to believe that a  
trained sanitary engineer should  
be secured to lay out a long time  
plan for the enlargement and ex-  
tension of Decatur's sewage sys-  
tem.

"It isn't what an expert saves  
you while you are doing the work  
so much as what he saves you  
from preventing you from making  
mistakes which run into big  
costs," remarked W. C. Field,  
of the sanitary district board when  
talking of the intangible value of  
having men who really know plan  
big public jobs.—Decatur Review.

Thanksgiving Dance  
TONIGHT—AUTO INNNOVEL FEATURES IN  
CARNIVAL TONIGHT

High School Students Had Poppy  
Rehearsal Last Night for Big  
Event—Seniors to Give Min-  
strel Show.

The annual Thanksgiving car-  
nival staged by students of the  
local high school will be given  
this evening at the school audi-  
torium. It promises to be one of  
unusual interest, containing many  
novel features.

Each class has prepared a  
stunt for the evening program.  
Sophomores and juniors will pro-  
vide the musical features, and  
freshmen are coming forward  
with an entertainment that is de-  
signed to provoke much laughter  
from the audience.

The seniors held last night a  
dress rehearsal of what they in-  
tend to be the crowning stunt of  
the evening, a minstrel show.  
There are a number of special  
song hits in this part, with chor-  
us accompaniment. There are  
at least fifty voices in the minstrel  
chorus, and the students are do-  
ing some snappy singing. One  
quartet feature is especially good,  
and the audience is hereby tipped  
to give it a rousing reception, as  
the encore is popular and catch-  
ing.

Special lighting effects are to  
be employed during the enter-  
tainment, and shifts of scenery  
will be frequently made. The re-  
hearsal last evening was full of  
pop, and those who attend the  
carnival may expect some real  
entertainment.

FORMER RESIDENT OF  
WINCHESTER MARRIES

Miss Alma Corrie is Bride of  
John Davidson of Stonington,  
Colo., Other Winchester News.

Winchester, Nov. 28.—Word  
has been received by friends  
here of the marriage of Miss  
Alma Corrie to John Davidson at  
Stonington, Colo. The bride was  
a resident of Winchester for the  
past two years, while her father  
was the pastor of the M. E.  
church here. She was quite ac-  
tive in the work of the church  
and Sunday school and is a young  
woman who has the friendship  
and esteem of a large number  
here. She attended the Win-  
chester high school and graduat-  
ed with the class of 1923.

Mr. and Mrs. E. J. Frost and  
daughter, Miss Louise, motored  
to Springfield Wednesday where  
they met Robert Frost, who ac-  
companied them home for the  
holidays.

To pupils of the third to  
eighth grades inclusive gave a  
program at the community high  
school Wednesday afternoon,  
consisting of drills and folk  
dances. The children were dressed  
in appropriate costumes and  
gave a performance which the  
large audience greatly appreciated.  
The junior boys of the high  
school played basketball at the  
close of the program.

Jerry Ring Jr., held a sale at  
his farm east of town Tuesday  
which was well attended. The  
prices were quite satisfactory.  
The sale totaling over \$4,100 1  
team of mules brought \$295 and  
cows averaged around \$60 each.  
One hundred head of hogs were  
included in the selling. The  
ladies of the St. Mark's Catholic  
church served lunch. The auction-  
eers were Llof Seelye of White  
Hall and J. J. Lawless and  
George Hogan was clerk.

Mr. Ring and family expect to  
move to Jacksonville next Mon-  
day.

Miss Mary Ruth McDonald ar-  
rived home from Jacksonville  
Wednesday afternoon for a short  
visit with her parents.

Tom Watt has arrived from  
the University of Illinois for the  
holiday vacation.

Rev. O. W. Lough delivered  
the sermon at the union Thanks-  
giving service held Sunday even-  
ing. Thru error this fact was  
omitted in a previous account of  
the service.

The ladies of the Baptist  
church held a sale of eatables at  
the Higgins book store Wednes-  
day. There was a good demand  
for the chickens and other arti-  
cles which were offered to learn  
and quite a nice sum was real-  
ized.

Many friends will be sorry to  
learn of the illness of Miss Mat-  
tie Cox, who suffered a paralytic  
stroke Tuesday afternoon and is  
now seriously ill at her country  
home. Her many friends hope  
for a speedy improvement in  
her condition.

Mr. and Mrs. Suiter drove to  
St. Louis Wednesday to spend  
Thanksgiving.

Misses June Coultas and  
Freda Vortman arrived on the  
early train from Galesburg to  
spend Thanksgiving with re-  
latives.

C. M. STRAWN'S AUTO  
STOLEN AND BURNED

Big Car Taken from Parking  
Place Tuesday Night and  
Burned in Ditch South of  
Springfield

The large and well equipped  
seven passenger Haynes touring  
car owned by C. M. Strawn of  
Alexander was stolen Tuesday  
evening, while Mr. Strawn was  
attending a box social at the Lost  
Grove school near Brown's cross-  
ing. He had left his machine  
parked on the hard road near  
the school. When he came to  
get it about 10 o'clock it was  
gone.

Mr. Strawn immediately noti-  
fied county authorities. Some  
time later news was received that  
a car had been found burning in  
a deep ditch on the Fox road  
eight miles south of Springfield.  
It proved to be Mr. Strawn's  
auto. It appeared that the car  
after rounding a sharp bend in  
the road, had taken a plunge over  
a fifteen foot embankment and  
caught fire. It was a total loss.  
What became of the person or  
persons who took the car is a  
mystery, as no trace of them  
could be found about the wreck.

And Face. Itched and Burned. Cuticura Heals.

"I suffered with tetter from early childhood. It broke out in great spots on my head and face. The itching and burning were so severe that I scratched and irritated the affected parts until they would bleed. In the summer time I could hardly bear it. My hair became very dry and broke off.

"I tried many remedies but they did not give any relief. I began using Cuticura Soap and Ointment and in three months I was completely healed." (Signed) Mrs. Mary Hicks, 2218 E. 38th St., Cleveland, Ohio, July 20, 1922.

Use Cuticura for all toilet purposes.

Sample Each Free by Mail. Address: "Cuticura Laboratories, Dept. H, Malden, Mass." Send every-thing you want. Cuticura Soap and Ointment 25c each. Cuticura Soap shaves without mug.

**A Raw, Sore Throat**

Eases Quickly When You Apply a Little Musterole

And Musterole won't blister like the old-fashioned mustard plaster. Just spread it on with your fingers. It penetrates to the sore spot with a gentle angle, loosens the congestion and draws out the soreness and pain.

Musterole is a clean, white ointment made with oil of mustard. It is fine for quick relief from sore throat, bronchitis, sinusitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains in muscles, bruises, etc. It abates, trosted feet, acts on the chest. Keep it handy for instant use.

To Mothers: Musterole is now made in milder form for babies and small children. Ask for Children's Musterole.

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause.

Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. Take one or two nightly and note the pleasing results. Millions of boxes are sold annually at 15c and 30c.

### City Plan Chairman Grateful to Public

On behalf of the City Plan Commission I wish to thank the friends of civic improvements for the generous voluntary subscriptions made at the City Plan supper Tuesday night. The enthusiastic and hearty response of the meeting we accept as a definite instruction to the City Plan Commission to proceed with its work. It is evident that Jacksonville, like other wide awake cities of Illinois, desires to have a city plan.

Nearly \$2,500, or about one-half of the desired amount of \$5,000, was voluntarily offered at the recent meeting.

The people gathered on that occasion by no means included all of the citizens of Jacksonville who are interested in helping our city achieve still greater things. The City Plan Commission wishes, therefore, to extend an invitation to all citizens to contribute to this city plan fund.

A special campaign for the raising of the balance of the funds will be put on next week from Dec. 3rd to 8th. It is not necessary to wait until you are personally solicited. If you are interested in the cause send your subscription to the secretary of the Chamber of Commerce or leave it at any one of the Jacksonville banks.

Forward must be our watchword. Jacksonville must demonstrate that she deserves all the publicity that is now coming to her.

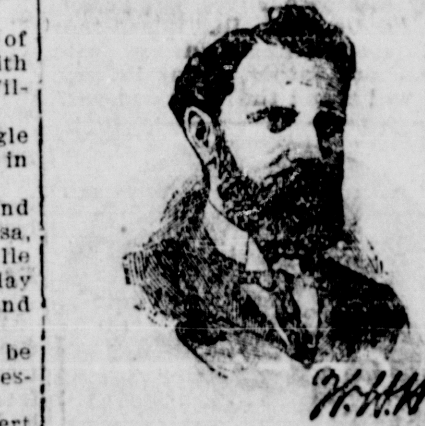

C. H. Rammelkamp,  
Chairman City Plan Commission.

Nokol can be installed in your present heating plant of whatever type, without alterations and without interrupting the heating of your home.

## Now—in cold weather when you need heat is the time to install Nokol

Nokol is an automatic heating service that keeps your home heated to any temperature you like, in all weather, without dirt or attention. Before installing Nokol we survey your heating plant, tell you exactly what Nokol will do in your home, and guarantee its performance.

All oil heaters are not Nokols. There is only one Nokol Automatic Oil Heating for Homes, with more than 15,000 installations and five years of demonstrated success.

Now, in cold weather, you can best compare Nokol with any other heating system. Now, in cold weather, when you need heat, is the time to install Nokol. You can do so in a few hours, and install heating comfort in your home forever.

Send for our booklet, "Nokol Automatic Oil Heating for Your Home," giving complete information.

### SAYS ENGLAND WILL RETAIN SUPREMACY

CHICAGO, Nov. 28.—When Great Britain agreed to a ratio of equality in naval construction with the United States at the Washington conference on limitation of armaments, she did not necessarily renounce her fundamental principle of maintenance of a large navy, Professor A. G. Terry, associate professor of history at Northwestern University said in a radio address tonight.

Commenting upon the long supremacy of the British navy, Professor Terry said that England's opposition to the French policy toward Germany furnished a fresh illustration of British efforts to maintain a balance of power.

Sometimes, when a number is asked for on the telephone, the operator reports that the number called does not answer.

Experience shows the operator is seldom mistaken. In the majority of cases the person called is absent or not near enough to hear the telephone bell. Sometimes he is just slow in answering.

"Don't answer" reports would be greatly reduced if subscribers would be prompt in answering when their bells ring.

## ILLINOIS MAY BE ADDED TO MICHIGAN'S SCHEDULE IN 1924

Game Would be a Great Drawing Card if Arranged

CHICAGO, Nov. 28.—(AP)—There is to be no break in the friendly relations of 30 years between Michigan and Wisconsin when Western Conference athletic directors and coaches meet Friday and Saturday to arrange 1924 football schedules. This is assured by statements of officials that a game has already been agreed on.

Coach Yost is said to be agreeable to the addition of a fifth conference game so that Illinois may be included. Otherwise Michigan will probably play Ohio State, Minnesota, Iowa and Wisconsin. Chicago also is angling for a date with the Wolverines.

The Badgers are considering resumption of football relations with Northwestern, dropping Indiana and also are negotiating for a game with Notre Dame. It has been announced. The Wisconsin schedule is likely to contain games with Coe, Michigan, Argyle, Chicago, Illinois, Michigan and Minnesota.

Chicago is reported to be

## A REAL THANKSGIVING

dickeering for preliminary games with Brown and the University of Southern California. Illinois, Wisconsin, Purdue, Northwestern and Indiana may be in the Maroon line-up.

The hard schedules arranged by Illinois and Iowa are expected to be repeated.

The athletic directors and faculty representatives are to have proposed changes in rules under consideration on Friday. A vote is expected to be taken on the suggested "migrant rule" the adoption of which would prohibit use of players by Big Ten teams who had entered the conference institutions after competing in other schools.

Some Wisconsin followers have requested that consideration be given a rule that would prohibit disqualification of a football player after the season starts.

The action against E. C. Gerber, Badger tackle, disqualified before the Illinois game on a charge of professionalism prompted the move.

## NOTRE DAME WILL NOT PLAY CENTRE

ST. LOUIS, Mo., Nov. 28.—(AP)—Coach Rockne of Notre Dame announced here this afternoon that the South Bend aggregation would not play Centre in Grant Park Stadium, Chicago, October 25, 1924, as proposed as he had arranged a game with Princeton for that date. The Notre Dame coach added that he advised Centre of this several days ago but that so far he has heard nothing further from the Praying Colonels.

## Hopes to Break High Jump Record

FORMER ILLINOIS TRACK STAR IS WHOLE TEAM IN HIMSELF

By George Britt Nea Service Writer

Champaign, Ill., —With the coveted national A. A. U. decathlon title emblazoned safe on his record and the virtual assurance of a place on America's Olympic team next year, Harold M. Osborn keeps up his Spartan training.

Track athletes are conceded a rest in the fall and winter, between the last outdoor meets of summer and first spring indoor meets. But Osborn has the idea he hasn't earned his yet.

Osborn found work in Champaign in order to be near the University of Illinois gymnasium and his old coach Harry Gill. He is an instructor on the local high school. Just the other day, for practice, he entered an exhibition meet here and smashed a world's record in the high jump.

His unofficial record was 6 feet 7 7-16 inches, or an eight of an inch higher than the official mark of Beeson of California. As a lad Osborn could out-jump all the other boys in the county. When he arrived at the university in 1918 he could just clear 5 feet 7. By grinding, ambitious training he added more than a foot to his leap and made himself one of the greatest all-around athletes who ever laced on a spiked shoe.

Osborn Whole Track Team Winning the decathlon event from 11 other stars in the national games in Chicago on Labor Day this year was the peak of Osborn's achievement. His total score in the all-round test was 7,350.11 points, the largest of any winner in A. A. U. history. He wore the tricolor of the Illinois Athletic Club. To summarize that great day's

OSBORN SETS UNOFFICIAL RECORD OF 6 FEET 7 7-16 INCHES IN HIGH JUMP.

achievement, he won first in the 400, meter dash, the 1500-meter 110-meter hurdles, the running high jumps, tied for first in the 100-meter dash, was second in the javelin throw, third in

the discs and shot put and tied for fifth in the pole vault. Wouldn't that qualify him as a whole track team by himself?

On his poorest relative showing, the pole vault, he made the respectable height of 10 feet. His best record on the broad jump is 23 feet 3 1-2 inches. Harry Gill calls him the greatest athlete he ever trained.

## Hard Road to Success

It was a long and rough road he traveled to that distinction, though. Osborn was born on an Illinois farm 24 years ago. His brothers were athletes, but not world beaters. In college he earned his own expenses, acting as janitor part of the time. Osborn wears glasses and looks far more like a college professor than a star athlete.

When he entered the college of agriculture at the university Coach Gill showed him how to roll over the bar instead of jumping with body upright. They call it the "Osborn roll" at the university now. In his freshman year he climbed to 6 feet, and kept developing.

But the youngster met tough opposition. Two years he entered the all-round event in the university's big annual western relay carnival. Brutus Hamilton of Missouri beat him. The third year Osborn beat Hamilton. It was his most satisfying triumph he says.

## TIGERS MEET KANSANS IN GRID TILT TODAY

Visitors Outweight Locals And Have Many Veterans on Team—Large Crowd Expected—Game Called at 2:30 This Afternoon.

The last football game that fans of Jacksonville will be able to witness in the city for the year 1923 will be played this afternoon on Illini Field between the Illinois School for the Deaf and the Kansas School for the Deaf at 2:30 o'clock.

Coach Burns is hoping for a record breaking crowd as a guarantee of \$250 was necessary to guarantee the appearance of this strong team in Jacksonville, and to be ready for the big crowd the bleachers from the Illinois College field have been secured and erected on the field.

## MITCHELL'S SQUAD MEETS CARLINVILLE

Are Facing Hardest Foe in Last Game of Season—Opponents Leading Team in This Section of State.

Coach Mitchell's Crimson and White team go to Carlinville today to fight by far the hardest gridiron battle of the 1923 season when they meet Carlinville high this afternoon.

Carlinville has waded through all the best teams in this part of the state and if our boys are successful in wresting a victory from them they will have to play as they never have been forced to play during the season. The Macoupin county aggregation have to their credit victories over Springfield, Champaign, Roodhouse, Taylorville, Greenfield, and other fast stepping teams in this section. If Mitchell's men can catch them suddenly for an unexpected goal there may be a good chance of throwing them off their stride and winning the game, a thing every member of the team is very anxious to accomplish on account of the prestige that such a victory would bring them.

Carlinville is filled full of red hot football fans who at all times give their home team wonderful support and this is another season that the Jacksonville boys are anxious to humble their pets. Regardless of the outcome of the game, the spectators can rest assured that Mitchell's bunch will put up a hard fought, clean, snappy game, with plenty of fight to the finish.

## DAVIS SWITCH

Mrs. Osborne of Big Sandy neighborhood is among the sick, this week.

Porter Bell has returned to his home after spending several days in St. Elmo.

Mrs. (Doc) Butler has been very sick the past week, but at this writing is reported some better.

## CONFERENCE TEAMS PLAYED TO RECORD CROWDS THIS YEAR

Michigan and Chicago With Six Home Games Led in Attendance

CHICAGO, Nov. 28.—(AP)—Football games played in the Big Ten conference during the season just past attracted nearly 1,000,000 spectators, according to compilations from figures reported by the institutions today with the total receipts from the contests estimated at nearly \$2,000,000.

It was the greatest of football years in the western conference with stadiums jammed by huge crowds, while thousands clamored for seats to several of the feature games without avail.

Michigan and Chicago each with six home games, stood out as the principal drawing cards. Michigan's estimated attendance was set at 183,000 while Chicago attracted 163,000 to the limited seating capacity of its stadium. At Ohio State, five home games drew 145,000 with the estimated receipts \$176,000. In five home games, three of which were played in her stadium, Illinois had crowds totalling 117,000. More than half of that number were crowded into the stands when Illinois played Chicago, November 3.

Wisconsin, with the first tier of its stadium completed estimates that 66,500 saw its home games, while, Purdue and Indiana claim 14,000 and 20,000 respectively.

Minnesota, Iowa, and Northwestern each with five games added approximately 100,000 each to the total.

It is noteworthy that great crowds completely filled some of the giant stadiums in only one feature game of each of the schools' football year. Illinois was crowded into for the Chicago game, Wisconsin for its Minnesota homecoming contest and Minnesota for the Iowa homecoming battle.

## MISSOURI VALLEY CONFERENCE GAMES

KANSAS CITY, Nov. 28.—(A. P.)—The Nebraska-Kansas Aggie gridiron clash at Lincoln and the annual Missouri-Kansas game at Lawrence divide interest in the Thanksgiving Day games in the Missouri Valley conference tomorrow.

One of the largest crowds that ever witnessed a Missouri-Kansas clash is expected to be in K. U. stadium tomorrow—homecoming day for the Kansans. All available seats and standing room have been sold.

Drake meets Oklahoma in the only other conference game. Drake holds an edge over the Sooners, according to valley statistics. Grinnell and Washington go outside the conference for their Turkey day games, while Ames is not scheduled to play.

Washington will meet Tulane at New Orleans and Grinnell will play Creighton at Omaha.

## ROUTT TACKLES TOUGH FRANKLIN HIGH TEAM

Route High goes to Franklin today to tackle the fast high school team of that place. Much enthusiasm is being displayed at Route over the outcome of this game. Route will put an unusually strong team in the field, several changes having been made in the lineup. Sehy will go back to right tackle and Fitzgerald will play left guard. Henry has been shifted to full and Cooney will play at left half.

This week has been one of strenuous practice for the Irish lads on Route Field as Coach Cooney has been drilling his men hard in blocking and they are now traveling at a rapid pace. Route fully expects the enemy to make use of passing tactics to a great extent and have been drilling to offset this move. Route's lineup for the start will probably be: March, L. E.; Gwinn or Langdon, L. T.; Fitzgerald L. G.; Cleary C.; Early or Walsh, R. G.; Sehy, R. T.; White, R. E.; Devlin, Q. B.; Cooney or Wright, L.H.B.; Murphy, R.H.B.; Henry, F. B.

## THANKSGIVING BASKETS

The Social Service committee of the Illinois Woman's College Y. W. C. A. sent out a large number of well filled Thanksgiving baskets to the poor families of the city yesterday.

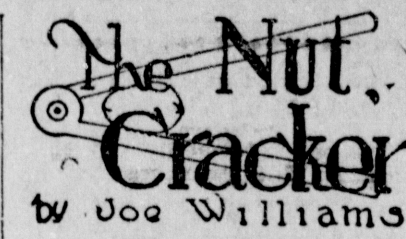

The Jacksonville Social Service League workers were unexpectedly busy filling new baskets with Thanksgiving provisions, which had been bought with money donated by different people at a late hour.

A number of five dollar donations and smaller ones, were made after the first baskets were sent out, which made it possible to send an unusually large number this year.

J. S. Hitchens was among the business visitors in the county seat yesterday from Litchberry.

## HEALTH HINTS

Do not allow your conceit to become flabby or run down. Listening to yourself on the radio will help.

Virtile, upstanding ears are unfailing marks of perfect health. Practice ear wiggling to music, using the selection, "I Hear You Calling Me."

Watch your hips. The well-hipped man is in great demand these days.

The tonsils should be oiled regularly and bathed in sunshine, to avoid rust accumulation.

No self-respecting man will be without well muscled eyebrows. Engage in short, spirited eyebrow tilting exercises before breakfast.

Always be sure that the nose knows. An occasional trip thru a cheese factory will be convincing.

Remember eyes are the windows of the soul, and windows should be washed weekly.

If fruits do not agree with you cut out your Adam's apple.

If you have flat feet do not despair. A flat head is much worse.

Don't neglect your wind. A blimp is nothing but a toy balloon that has watched its health.

Corns are troublesome rather than dangerous, and that's something Colonel Anthony could not say of Cleopatra.

Get nervous if you can. Some day you may be good enough to pass as a shimmy dancer.

## WORKING ON HARD ROAD

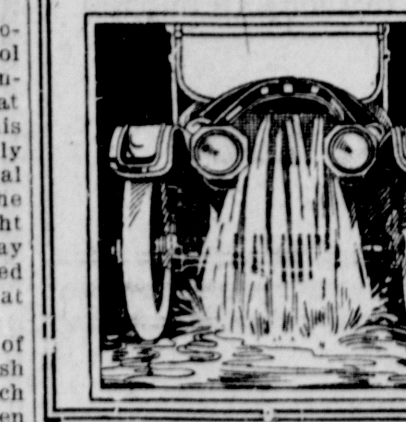

Work was begun yesterday morning by the Meneley Road Construction Co., on the East part of the Mound Road paving work, four scrapers and a tractor having begun working on the tract of land owned by Mr. O. F. Buffe at the end of street car line on Mound avenue.

The big scraper is working in front of the Harry E. Kitter place. The work will move rapidly as long as good weather continues.

## Market Report

By The  
Associated  
Press

DAY'S STOCK MARKET  
SHOWS IRREGULARITY

**FINANCIAL**  
Total stock sales 960,400  
shares.  
Twenty industrials averaged  
92.21; net loss .37.  
High 1923: 105.38; low  
85.56.  
Twenty railroads averaged  
92.21; net loss .37.  
High 1923: 105.38; low  
85.56.  
Twenty railroads averaged  
84.37; net gain .10.  
High 1923: 90.51; low  
79.53.

**NEW YORK, Nov. 28.**—Consi-  
derable irregularity developed in  
today's stock market with chief  
speculative interest again con-  
centrated on a few active specialties.  
Railroad shares held relatively steady  
and most of the standard indus-  
trial shares showed only slight recessions.

Stromberg Carbueter was the  
individual feature dropping five  
points from an early high of 85 1/2  
and then soaring to 88 on the an-  
nouncement of an increase in the  
regular annual dividend rate from  
\$7 to \$8 and the declaration of  
an extra dividend of \$1.50.

The stock closed at a net gain  
of 2 points at 86. Maxwell Mot-  
ors A which has been fluctuating  
erratically on rumors of a mer-  
ger of the Maxwell and Studebaker  
concerns moved within a range  
of four points but closed unchanged  
at 44 1/2. Davidson Chemical  
closed 2 1/2 points lower after mov-  
ing within a 4 1/2 point area.

Pan-American issues yielded  
slightly at the start on the an-  
nouncement of new financing but  
soon recovered their loss and  
finally moved to higher ground  
with most of the other oils.

A brisk demand for Great  
Northern preferred and the Erie  
issues some of which touched new  
high records for the year featur-  
ed the rail group.

Most of the United States gov-  
ernment issues met support at  
slightly higher levels.  
Total bond sales par value \$8,  
997,000.

## Footwear for Every Occasion

How important it is to have your feet dressed appropriately to the season and occasion. A great many people do not realize the importance of harmony in dressing up their feet. The proper effect of a very pretty gown may be marred by the neglect of proper attention to the feet.

We are showing some very recent styles in patents, satins, and suedes that are unusually attractive and becoming. New strap effects and combinations of straps that have the breath of newness. See them on display. Hosiery to Match Your Footwear

## NEW TRIAL DENIED IN BUCHANAN CASE

Three Defendants Will Soon Begin Serving Sentences—Docket Entries in Various Cases.

In the circuit court yesterday Judge E. S. Smith denied motion made for a new trial by Riley Buchanan, who was recently convicted of forgery. The judge had sentenced Buchanan to Chester penitentiary until discharged according to law.

Edward Greenup, who was found guilty on a burglary charge, was ordered sent to Pontiac reformatory. Edward Blue, who was indicted with Greenup, was paroled to Benjamin Andrews as special probation officer.

Sheriff Wright will take Buchanan, Blue and William Stalls the coming week to the institutions to which they have been committed.

**Docket Entries.** These suits of Arthur Swain against the C. & A. railroad was dismissed by the plaintiff.

In the partition suit of Beulah Lorton Cunningham vs. W. C. Lorton, et al, exceptions to the amended answers were sustained and the defendant was given until Dec. 3 to answer.

In the suit of Copp & Frank vs. G. M. Luttrell, for specific performance, demurrer to the bill was filed.

In the partition suit of Fred Eatman vs. Louetta Evans et al., report of the commissioners was filed.

In the ex parte petition of William Henry Campbell et al, the master's report was filed and approved.

In the suit of Ora Crawford as administratrix against S. T. Zachary, et al., order was entered requiring the complainant to close testimony by January 15, and the defendant to close by January 15. Time was given until February 4, for rebuttal.

The divorce suit of George W. Myers vs. Joyce L. Myers was continued by agreement.

Judgment by confession for \$610 was taken in the suit of Illinois Life Insurance Co. vs. F. A. Henry.

**ANOTHER LARGE CROWD AT CHRISTIAN CHURCH**

Many Heard Evangelist Peters Discuss "The Commonest Thing in Jacksonville" at Central Christian Church.

One of the largest mid-week audiences of the entire meeting assembled at the Central Christian Church last night to attend the Revival services. There were three accessions to the church and ten were baptized.

The baptismal service was most beautiful and impressive.

The evening service was introduced by the Wednesday evening fellowship meeting attended by about 75 workers. Plans are being carried out for the Sunday services. These will include Sunday School attendance of 500 or more, a large morning service, a fellowship dinner and a meeting at 2 o'clock in the afternoon at which all the new members will be introduced to the agencies of the church and their leaders. In fact, it is the plan of the church that each member received into the fellowship shall become personally acquainted with the entire membership. Then there will be the three Endeavor meetings and the closing service at 7:30.

Dr. Peters spoke last night on "The Commonest Thing in Jacksonville." This was sermon on excuses and was based upon two passages of Scripture, the story in Genesis where Adam and Eve tried to hide themselves among the trees of the garden and the parable of the great supper by the Master.

The Evangelist discussed in a frank and forceful way the various excuses people give for not confessing Christ or devoting their lives to religion. All the trees were removed and at the end of the service everybody felt that he was without excuse. Three responded to the invitation, making forty-three additions to date.

A cordial invitation is extended to the service this evening. Special music of a Thanksgiving character will be rendered and Dr. Peters will preach upon "The Ground of a Christian's Thanksgiving."

**ATTENDED LINCOLN HIGHWAY CELEBRATION** Impressive ceremonies marked the hard road opening at Lincoln Tuesday, when an impressive "Pageant of Transportation" was staged. The principal address was made by Gov. Len Small. Among persons present from this city were R. W. Woolston, T. M. Tomlinson and G. L. Riggs.

**SPECIAL Thanksgiving Dance TONIGHT—AUTO INN**

The weekly luncheon of the Kiwanis club was held Wednesday at the Peacock Inn. The club usually meets Thursday but the program was changed because of Thanksgiving day.

**NOTICE** On account of the Thanksgiving holiday the Journal will not be published tomorrow morning. However, telegraphic news of importance will be received and displayed in the Journal office window.

## HAVE BEEN MARRIED FOR MANY YEARS

Mr. and Mrs. R. R. Stevenson Yesterday Quietly Observed the 56th Anniversary of their Marriage.

Mr. and Mrs. R. R. Stevenson of Prospect street yesterday received congratulations from many of their friends on the fifty-sixth anniversary of their marriage. The earlier years of their married life were spent on a Cass county farm, but for a long period they have been accounted among the substantial citizens of Jacksonville.

There was no formal observance of the anniversary, although friends and relatives extended congratulations in various ways. Dr. and Mrs. S. M. Morton, who have been life long friends of Mr. and Mrs. Stevenson and who will within a month celebrate their fifty-sixth wedding anniversary, sent a letter expressing their friendship and good wishes. Last year Mr. and Mrs. Stevenson spent several months in California but are expecting to spend this winter in their own home.

Fifty-six years is a long period and as Mr. and Mrs. Stevenson look backward they can think of marvelous changes that have taken place in the community, state and nation during that stretch of time. They said yesterday with a touch of sadness that the passing years have robbed them of many of their friends and that there are very few living today who were present at their marriage.

Altho now quite well advanced in years, Mr. and Mrs. Stevenson have more than usual physical strength and their friends are looking forward to the celebration of still other wedding anniversaries.

## DEATHS

### Johnson

Miss Mary Anna Johnson died at 1 o'clock yesterday afternoon at her home in the Asbury neighborhood, nine miles southeast of the city. She was born in Ohio on June 17, 1847, and came to reside in this state sixty-nine years ago.

She is survived by one brother J. D. Johnson of Jacksonville, and one sister, Mrs. Alice Carson of California. Funeral services will be held at 10:30 o'clock Saturday morning from Asbury M. E. church, with interment in the church cemetery.

### Baker

The death of Mrs. John S. Baker occurred at Passavant hospital at 7:50 o'clock Wednesday night after a brief illness.

Mrs. Baker's name before her marriage was Miss Lulu Clair Stockton and her early home was in the Berea neighborhood.

Her marriage to J. C. Baker occurred about eighteen years ago and their home was maintained in the country for a number of years before they became residents of Jacksonville.

The deceased is survived by her husband, one son Russell Baker, and one sister, Mrs. E. A. Trussell of Benedict, Nebr. Her stepmother, Mrs. Alice Stockton, is resident in Virginia.

Mrs. Baker was a member of Berea Christian church, a woman whose kindly spirit and earnest life gave her the friendship and good will of those who knew her intimately.

The remains were taken from the hospital to the undertaking rooms of A. G. Cody and later to the residence on East Morton avenue. Arrangements for the funeral have not been completed.

**IN JAIL ON CHARGE OF WIFE ABANDONMENT** James Hennessey was arraigned before Squire A. B. Opperman yesterday morning on a charge of wife abandonment. It was alleged that he had deserted his wife and three minor children, the oldest being four years of age. Hennessey waived preliminary hearing and was put under bond for \$500 to await action of the grand jury. Failing to give bond he was confined in the county jail.

**KNIGHTS TEMPLAR INSTRUCTION SCHOOL HELD HERE** Knights Templar from many cities in Central Illinois attended the school of instruction given in Jacksonville yesterday under the auspices of Hospitalier Commandery No. 1 for officers of the order. ## MRS. ZAHN WINS IN ALIENATION SUIT

Wife of Well Known Local Garage Owner Awarded \$25,000 Damages in Action Brought Against Miss Florence Trout.

A verdict of \$25,000 damages for alienation of affection was awarded to Mrs. Mary A. Zahn in the Morgan county court Wednesday afternoon in her suit against her niece, Miss Florence Trout. Some months ago Mrs. Zahn instituted a separate maintenance suit against her husband Howard Zahn, and while the case is still pending she was awarded satisfactory monthly alimony and the use of the residence on Pine street.

Subsequently the suit was filed against Miss Trout, who it is charged is the cause of the marital difficulties of Mr. and Mrs. Zahn. In the proceedings yesterday Mrs. Zahn was represented by Bellatti and Moriarty and W. N. Hairgrove.

The defendant, who is said to be in a western state was not in court but was represented by Walter W. Wright. The testimony of Mrs. Zahn continued thru several hours and as witness and complainant she told in detail the circumstances leading up to the alleged relations between her husband and Miss Trout. Mrs. Zahn blamed much of the ill-treatment she said had been accorded her by her husband to the influence and machinations of Miss Trout. It is her belief that Miss Trout deliberately planned to win the affections of her husband and in support of this statement various incidents were related.

Later in the day attorneys for Mrs. Zahn read into the records letters said to have been written by Miss Trout to Mr. Zahn and letters he is said to have penned to her. These letters were couched in the most endearing terms.

Mrs. Zahn told of various conversations she had with her niece in an effort to have her desert from the course she was following. She claimed further that when she made protests to her husband they were unavailing and ill-treatment followed.

After the case was given to the jury a verdict was soon returned in favor of the complainant and fixing the amount of damages at \$25,000.

Mr. Zahn who is the owner of the Zahn garage on East Morgan street and the Auto Inn on East Court street, after leasing the buildings several months ago is said to have gone to California for an extended stay.
